No other minimums.

## Gun Range And Safety Rules

1. Always point the muzzle of your gun in a safe direction. NEVER point a firearm at a person using other shooting benches.
2. Treat every firearm as though it were loaded. Make sure you are using the proper ammunition for your gun.
3. All firearms should be unloaded and the action kept open when using the shooting benches until you are ready to shoot. The muzzles of these weapons should be pointed downrange.
4. Be sure of your target before you pull the trigger. Shoot only at the back boards provided, not the wooden frames.
5. Never fire over the earthen backstops.
6. All misfires should be placed in the locked container provided at the rifle range. Do not leave unfired ammunition on the ground or benches.
7. All brass, ammunition boxes, paper, used targets; etc. should be gathered up and placed in the waste containers provided at the benches.
8. Do not shoot diagonally across the ranges. Each bench is associated with a particular target directly in front of the bench.
9. Do not stand in front of the bench areas to fire when others are using the ranges. This is dangerous! Use the position shooting area.
10. To replace targets when others are on the range, call "Clear" and wait until firing stops. Then inform others that you are going downrange. Raise the down range flags and press the downrange button to turn on the rotating beacons. When you return lower the flags and pull out the button.
11. If a weapon is used that requires NFA registration, the shooter must be able to show these papers to anyone on request.
12. Always display your membership card. Please present it if asked to do so by another member.
13. Do not shoot shot shells on the pistol or rifle ranges. Use the shotgun patterning range for shot shells.
14. Shooting prone is not permitted on any range.
15. Always think safety and be sure of your target before you pull the trigger.
16. NOBODY should fire on other pistol ranges when a target is being changed on any of the pistol ranges (7, 15, 25 and 50 yards). NOBODY should fire on the rifle ranges when a target is being changed on any of the rifle or shotgun patterning ranges (100, 200 and 50 yards respectively).
17. Only paper targets may be used and must be removed when you are done shooting.
